

STORIES FROM THE PITCH PODCAST

Stories from the Pitch is a podcast dedicated to creating a living oral history about street performing and some of the crazy characters who populate this world. Our podcasts are professionally produced interviews and stories by performers from all over the world.

Since beginning in October 2011, the Busker Hall of Fame has released podcasts that reach a growing audience of listeners. This listenership is a young to middle-aged group of folks from around the world interested in art, travel and culture. Many are professional performers like the subjects of our interviews.
